“The AFS Field Boom Sprayer enables farmers to keep their paddocks and crop rows free of pests and unwanted weeds!”

Spraying Output

71 L/min

Heavy Duty Sprayer

The AFS Field Boom Sprayer is designed to dispense large volumes of liquid chemicals to help control pests populations and weed growth. As such, this sophisticated sprayer comes with Membrane-Type Pump and Venturi Fill mechanism to allow it to constantly release up to 71 L of liquid contents in a minute.

Impressive Tank Capacity

To complement its maximum output, farmers are able to choose which tank capacity gives them the most confidence in the field to get the job done. Tanks are available in sizes that range between 400 L and all the way to 1000 L to ensure farmers don't come up short with every spraying operation.

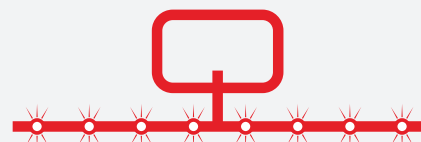

Tank Capacity

400-1000 L

Excellent Spraying Range

Completing the AFS Field Boom Sprayer's trifecta is its massive boom length which can span anywhere between 6 m - 12 m. Multiple Drip-free T-JET nozzles are attached at uniform distances apart from each other to give a tight, uniform mist without wasting a single drop.

Boom Length

6 m - 12 m

Powerful Spraying Capabilities

- ✓ Tractor-mounted sprayer developed to meet the different requirements of plant protection treatments
 - 71 L per minute spraying capacity
- ✓ Extremely versatile and suitable to operate with open field situations
 - Pesticide application
 - herbicide distribution
 - Liquid fertilizer application
- ✓ Boasts a Venturi Fill mechanism for better performance and efficiency

Galvanized Frame Boom

- ✓ Lauded for its ability to prevent rusting and corrosion while offering maximum durability and reliability.
- ✓ 6, 8, 10, and 12-meter Galvanized Frame Boom to suit AFS spray tank,
- ✓ **Drip-free T-JET nozzles** precisely spray and uniformly spread fertilizers across a given area

Field Sprayer for the Long Haul

- ✓ Multiple tank capacity available:
 - 400-, 600-, 800-, and 1000 L capacity
- ✓ Membrane-type pump primes the chamber to decrease potential maintenance
- ✓ Comes with Manual Controls for easy and hassle-free operation
