

AGROMASTER FIRE TIGER

The **Agromaster Fire Tiger** has been designed to handle tough Australian conditions. A good fire fighting unit is a must for any landowner in high risk fire areas, rather than having to rely on government agencies who can be stretched to capacity when fires occur. The **Fire Tiger** is simple to operate with minimal maintenance required.

The **Fire Tiger** is ideal for asset protection, fire attack, mopping up/blacking out, watering roads, washing down machinery or for transferring water to slip on units. The tanker boasts many features including a fixed water cannon capable of spraying high pressure and volume to 25 meters, turbo jet pistol grip quick connect attachment nozzle with 50 meters of hose, rear broad spray nozzles and additional outlets for extra hoses. It can be easily filled through its own pump and 7-meter-long suction hose system or a wide top opening for transfer pump filling.

40 YEARS ON AND STILL GOING STRONG! — (02) 6024 6800

The **Fire Tiger** comes with rugged 9.00.16 14 ply tires and by lowering the in built jacks, pressure is taken off the tires for prolonged storage. The **Fire Tiger** also has a hydraulic braking system and is sprung by a rugged 17 leaf overload spring system. A huge **4000L** galvanized tank can give you the upper hand in fire suppression, flashing light and siren enables operators to be seen and heard.

Fully equipped with hoses and pistol grip gun, fire hose nozzle & front sight tube, just add water.

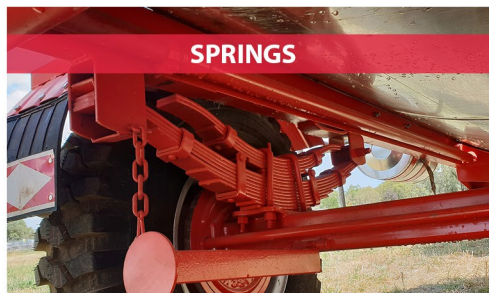

It is better to look forward and prepare than look back and regret!

FEATURES:

- 4000L galvanised tank
- PTO driven pump
- Water cannon
- 50 meters rubber hose on reel
- 7 metres of suction hose & foot valve
- High pressure Rear mounted broad spray bar
- 9.00.16 14 ply lug tires
- Automatic bypass system
- Filling sight tube
- Tool box
- Two nozzles

- Flashing light & siren
- 2 outlets front and 1 back for attaching flat hose and nozzle gun.
- 1 x 20M & 1 x 10M flat hose
- Hydraulic brakes
- 17 leaf over load springs
- Access ladder
- Indicators and brake lights
- Hand wash tank with pump sanitizer
- Rear cabinet
- Available in petrol or diesel
